INFORMATION CONTAINED IN THIS REPORT ON FORM 6-K

On March 29, 2019, Realm Therapeutics plc (the “Company”) announced the completion of the Assets Disposal representing certain Assets, which comprise the Vashe® wound care royalty stream, an FDA 510(k)-cleared anti-itch hydrogel, which was formerly marketed as Aurstat™, HOCI related equipment, intellectual property (including know-how, patents and copyrights), program records, and certain assigned contracts and intellectual property licenses (as detailed in the Circular to Shareholders issued on February 15, 2019). Gross proceeds of the sale are \$10 million.

Realm continues to assess options available to maximize shareholder value through the strategic review. The Company remains in discussions with interested parties regarding a potential strategic transaction and will update the market in early Q2 2019. The net proceeds of the Assets Disposal will augment the Company’s current cash resources, which may be deployed in event of such a transaction.

Capitalized terms used but not defined in this announcement shall have the meanings given to them in the circular sent to Realm shareholders on February 15, 2019, which remains available on the Company's website at www.realmtx.com.

The Exhibit to this Report on Form 6-K shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall they be deemed incorporated by reference in any filing of the Company under the Securities Act of 1933 or the Exchange Act.
